DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This two-story frame house measures five bays wide by one bay deep. A prominent cross-gable distinguishes the facade. The gable-roofed house includes a front porch and a rear kitchen section. 2/2 sash windows light the dwelling.

The structure is covered with asbestos shingle siding and has decorative "fish scale shingles" in the gables. Cornice moldings continue across the gables and suggest pent roofs. In the cross gable is a small two light window with an arched top.

Across the entire front elevation is a one story hipped roof porch which has been enclosed, obscuring a view of the original front entrance.

Brick chimneys are located inside the gable walls.
